RE: Dr. Zahorian

I spoke to Vince about the fact that the State of Pennsylvania is probably going to launch an investigation into the use of all illegal drugs including steroids. An officer from the State Department mentioned to Jack Krill, one of our attorneys, at a recent fundraiser that his office would be conducting these investigations at the same time he told Krill that perhaps it was a bad idea to mention it to him because Krill's firm represents the WWF. In addition, this fellow mentioned that he was aware of Dr. Zahorian and his relationship with the WWF.

Although you and I discussed before about continuing to have Zahorian at our events as the doctor on call, I think that is now not a good idea. Vince agreed, and would like for you to call Zahorian to tell him not to come to any more of our events and to also clue him in on any action that the Justice Department is thinking of taking.

On December 26th the State Athletic Commission is having a small meet and greet session with some of our talent, and I would definitely not want Zahorian there.

Please be in touch with me and I'll relay all the details to you.
